**TREATED SEEDS -- EMENCE TRAITEE**  
**READ LABEL BEFORE USING -- LIRE L'ETIQUETTE AVANT D'UTILISER**

This seed has been treated with the inpyrfluxam, ipconazole, difenoconazole, and metalaxyl-M fungicides at manufacturers recommended rates. **KEEP OUT OF REACH OF CHILDREN AND DOMESTIC ANIMALS. DO NOT USE TREATED SEEDS FOR FEED, FOOD OR OIL PROCESSING. STORE AWAY FROM FEEDS AND OTHER FOODSTUFFS.**

**Safety & Health:** During handling and planting of treated seeds, wear coveralls over a long-sleeved shirt, long pants, chemical-resistant gloves, socks and shoes, and a NIOSH-approved N95 (minimum) filtering facepiece respirator (dust mask) that is properly fit tested. Use a closed-cab tractor when planting. Gloves are not required within the closed cab. The respirator is not required during planting when the closed cab provides both a physical barrier and respiratory protection (such as dust/mist filtering and/or vapour/gas purification system). For more information, contact the Provider at 1-800-667-3852. **Environmental:** Toxic to aquatic organisms and non-target terrestrial plants. Toxic to birds and small wild mammals. Any spilled or exposed seeds must be incorporated into the soil or otherwise cleaned-up from the soil surface. Dispose of all excess treated seed. Left over treated seed may be doublesown around the headland or buried away from water sources in accordance with local requirements. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. Dispose of seed packaging in accordance with local requirements. DO NOT re-use bags from treated seed to handle food or feed products. **Groundwater Advisory:** Product applied to this seed demonstrate properties and characteristics associated with chemicals detected in groundwater. The use of this product in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. **Restrictions:** DO NOT graze or feed forage or cut hay within 35 days of planting field with treated seeds. Do not plant any crop other than cereals within 30 days to fields in which treated seeds were planted.

As with all crop protection products, read and follow label instructions carefully.
