## No one protects your cereal crop like Corteva Agriscience.

Lumiscend™ LUXE is the new standard in cereal fungicide seed treatment, protecting cereal crops from early-season seed and soil-borne diseases such as *Fusarium* spp. and *Rhizoctonia* spp.

**Maximized Yield Potential** through improved seedling vigour and emergence, even under high disease pressure.

**Broad-Spectrum protection** against the most common cereal pathogens including *Fusarium* spp. and *Rhizoctonia* spp.

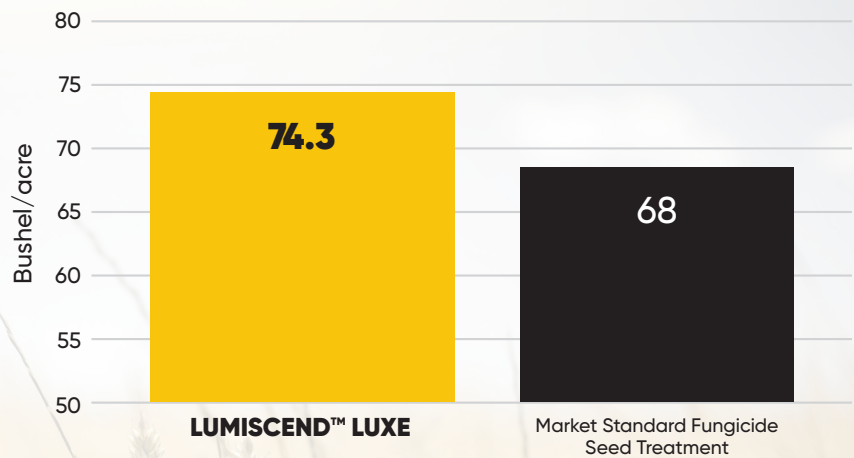

**Easy-to-choose and Easy-to-use**, Lumiscend™ LUXE contains 4 unique actives in an all-in-one formulation optimized for easy application and dries quickly.

### Lumiscend™ LUXE results in Maximized Yield Potential due to more plants with enhanced early vigour and better root systems.

Lumiscend™ LUXE delivers a 6.3 bushel/acre yield advantage vs. the market standard fungicide seed treatments.

### Yield

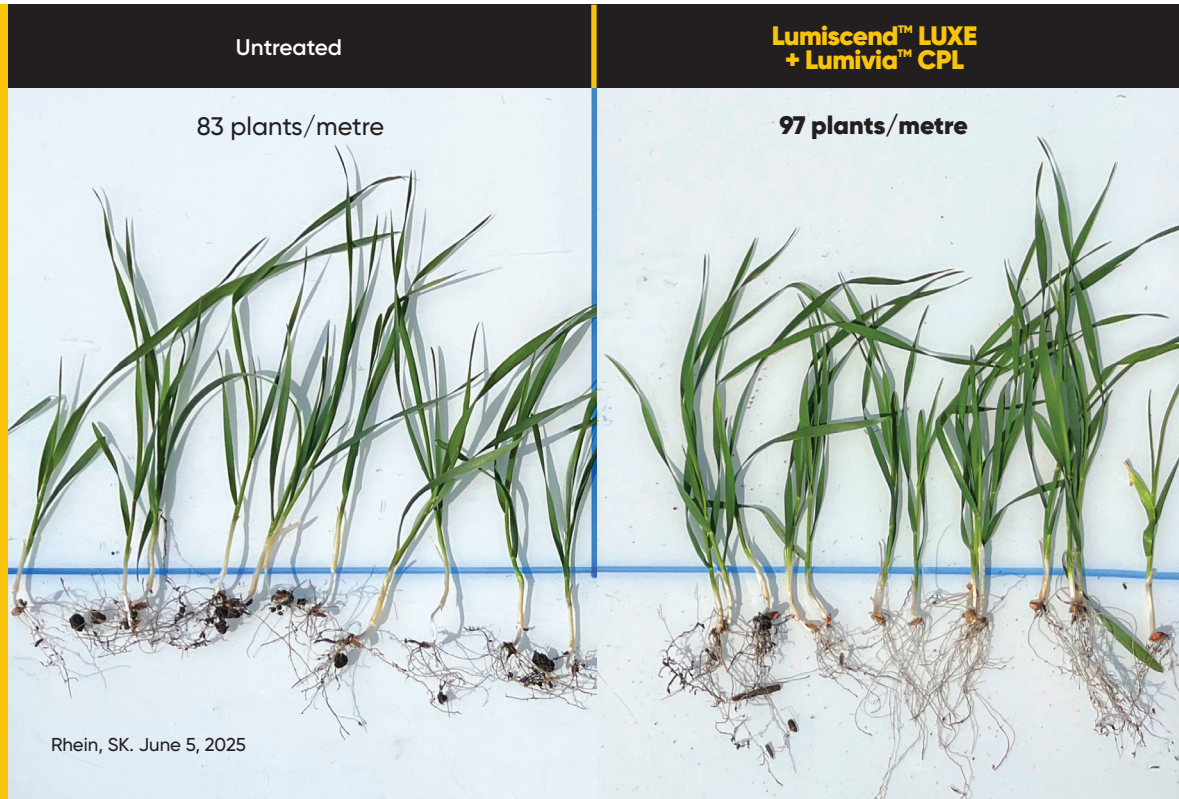

Corteva Seed Applied Technologies - 2025 PMRA Research Authorization Trials

Lumiscend™ LUXE is the new standard in getting your cereals off to the best start possible.

Fusarium Inoculated Research Trials. Alberta, 2023.

**Pairing Lumiscend™ LUXE with Lumivia™ CPL delivers a premium, high-performance cereal seed treatment solution for exceptional protection and early-season vigour.**

**Lumivia™ CPL is the only cereal seed treatment that controls cutworms.**

### Rates

	Lbs /Bu	Lumiscend™ LUXE				Lumivia™ CPL		
		Rate (per 100kg Seed)	Rate (ml/bu)	Bushels / 9.5L jug	Bushels /113.5L drum	Rate (per 100kg Seed)	Rate (ml/bu)	Bushels /3.5L jug
Wheat/Durum	60	325	88.5	107	1280	40	10.9	320
Barley	48	325	70.8	133	1600	40	8.7	400
Oats	32	325	47.2	200	2400	40	5.8	600

The number of bushels treated will vary depending on the test weight of the seed. Always calculate seed density before treating.

### Packaging

Lumiscend™ LUXE	Lumivia™ CPL
2 x 9.45L Case	4 x 3.5L Case
113.45L Drum	

- 3 jugs of Lumiscend™ LUXE pairs with 1 jug of Lumivia™ CPL.
- 1 drum of Lumiscend™ LUXE pairs with 1 case (4 jugs) of Lumivia™ CPL.
